

Peterson has been active in many community efforts

March 14, 2010

I am voting for Anna Peterson for the mayor of Salem. She is well qualified for this office.

She has given generously of her time and has put much effort into programs for the betterment of Salem. One of those programs is the No Meth — Not in My Neighborhood program. When funding was denied, she helped transfer this program to a group of volunteers.

She is very active in many ongoing community programs. As a result, she has a real vision for this city. She is committed and dedicated to improving Salem in many respects. She has the integrity and the energy necessary to implement this vision.

Anna will be an excellent mayor. Please join with me in voting for and electing her mayor of Salem.

— William E. Brickey, Salem
