

## **Anna Peterson will get things done for Salem**

March 11, 2010

If you want to get a job done well, ask Anna Peterson.

Six years ago, meth labs abounded in Marion County. Every month new meth labs were discovered. Children of meth-making parents often were victims.

Anna Peterson co-founded No Meth, Not in My Neighborhood. At Anna's urging (with help from others), the Legislature passed laws prohibiting the sale of meth ingredients without a prescription. Community awareness increased. No Meth found foster homes for scores of children of meth-making and meth-using parents.

We don't hear much about meth labs in Salem anymore. If you want a job done right, ask Anna to do it.

Please join us in voting for Anna Peterson for mayor of Salem.
