

Peterson has qualities to bring jobs to Salem

March 25, 2010

Anna Peterson has the integrity, compassion, personal background, experience and history of accomplishment to have earned your vote for mayor.

Anna worked tirelessly to help diverse groups and entities to work together to establish a community-wide effort to fight the once prevalent methamphetamine problem in Salem.

Anna has been a leader of businesses and a leader of other organizations in Salem, including SEDCOR and No Meth — Not in My Neighborhood.

In Anna's lifetime, she has known family members who lost their jobs and were unable to provide for their families. Anna knows that the loss of approximately 7,000 jobs in Salem in the past year has hurt previously working citizens of Salem and their families. Our citizens are hurting and want to work.

Anna understands that Salem must focus on being a job-friendly city that does not delay commencement or continuation of enterprises which employ Salem citizens. Anna will work hard to ensure that Salem will be attractive to job creating enterprises.

We need a mayor with the passion for Salem and the compassion for Salem's citizens to bring diverse groups together to improve employment opportunities in Salem. We need Anna as our mayor.

— George M. Jennings, Salem
