Anna's Vision for Salem

Jobs and Salem's Economy

Attract and keep jobs in Salem. Anna is dedicated to making Salem a jobs-friendly community. Jobs provide economic stability and the revenue and taxes to fund needed public services and projects. Anna has run a business, met payroll, paid taxes, and knows that as employees thrive, families thrive and the community grows stronger.

A Safer Community

Anna volunteers tirelessly in the neighborhoods and at City Hall to protect safety and improve livability in our community. She was at the forefront in the fight against meth as co-founder and leader of NO METH – Not In MY Neighborhood, and Chair of the Governor's Meth Task Force. With her leadership, Salem closed drug houses, rescued hundreds of children from harm, and eliminated toxic meth labs.

Infrastructure Improvements

Salem residents and jobs depend on up-to-date and well-functioning water, sewer and connectivity systems, and well-maintained streets and sidewalks. Anna will champion upgrading of worn-out and malfunctioning systems, with an emphasis on efficient and resource-saving methods.

Quality of Life for all Salem residents

Anna's commitment to literacy and the arts goes back years, and continues to this day. Her belief that reading, art, music and entertainment must be available to everyone brought her to leadership roles with the Salem Public Library Foundation, the Oregon Symphony Association in Salem, the Historic Elsinore Theatre, the Oregon Community Foundation, and as founding board member and first President of the Oregon Artists Series Foundation.
